

Calcul les opérations :

639	-	(239 + 200)	=	

① Je calcule l'opération qui est dans les parenthèses

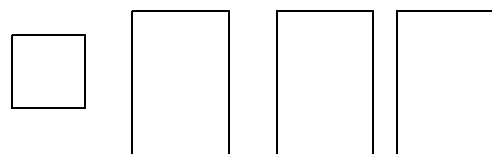

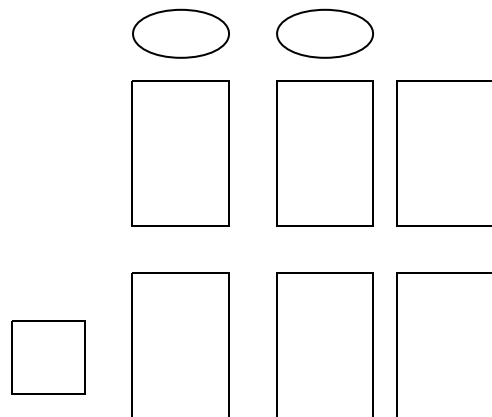

② Je continue le calcul

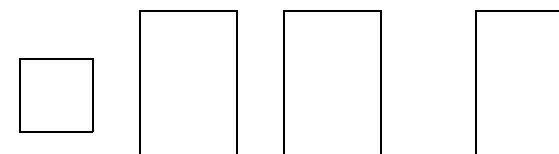

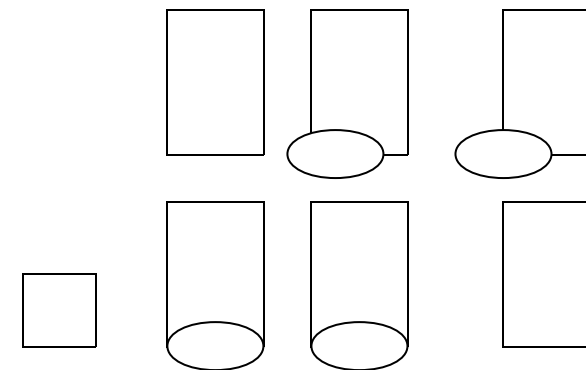

Calcul les opérations :

450	-	(128 + 2022)	=	

① Je calcule l'opération qui est dans les parenthèses

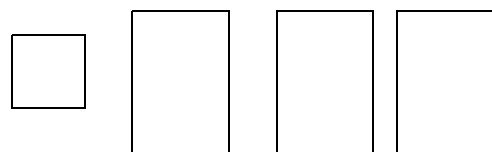

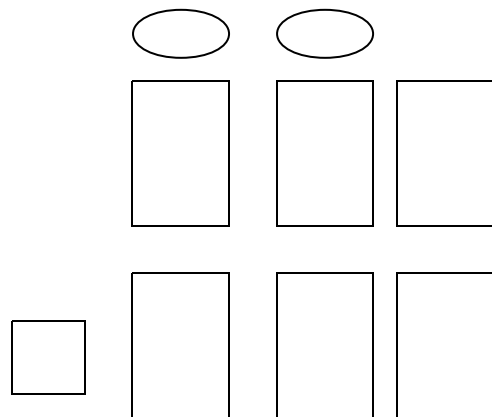

② Je continue le calcul

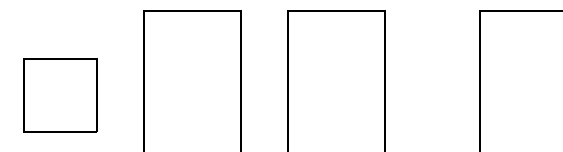

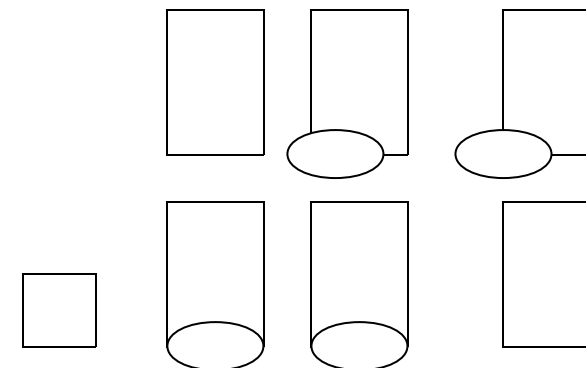

Calcul les opérations :

300	-	(140 + 160)	=	

① Je calcule l'opération qui est dans les parenthèses

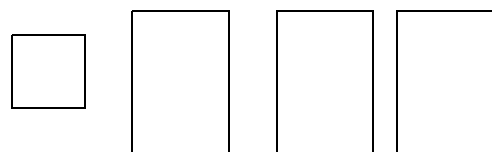

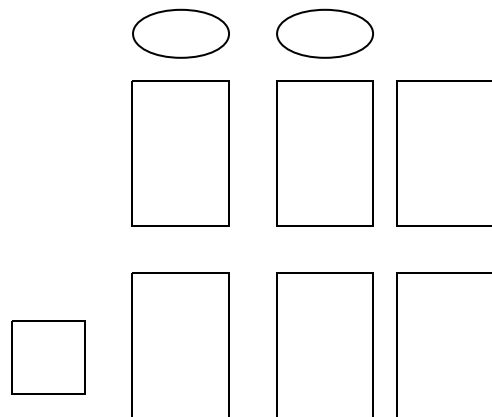

② Je continue le calcul

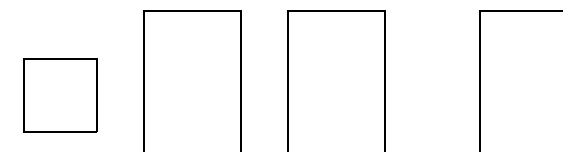

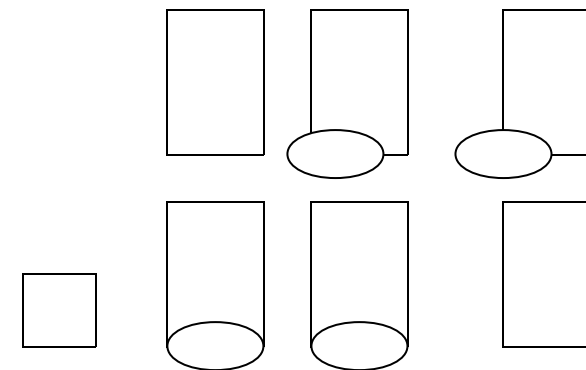

Calcul les opérations :

542	-	(123 + 209)	=	

① Je calcule l'opération qui est dans les parenthèses

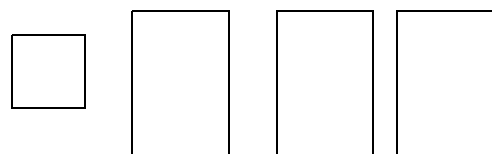

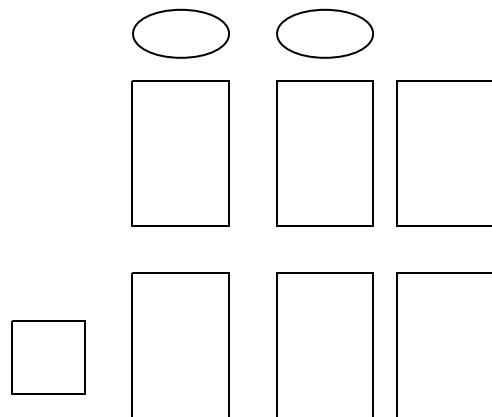

② Je continue le calcul

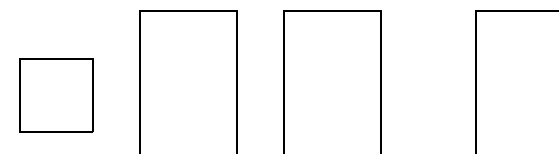

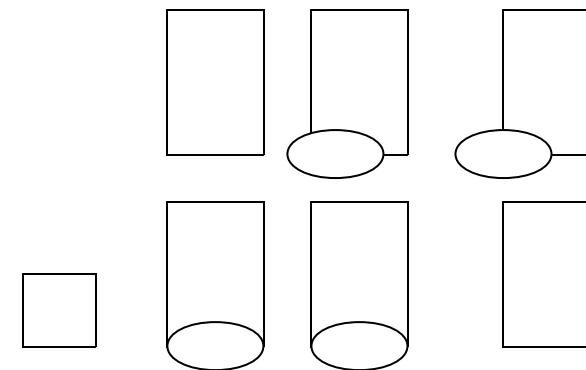

Calcul les opérations :

748	-	(126 + 357)	=	

① Je calcule l'opération qui est dans les parenthèses

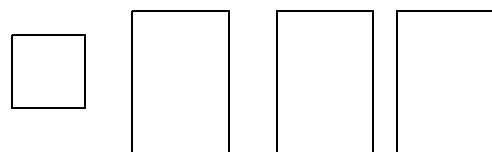

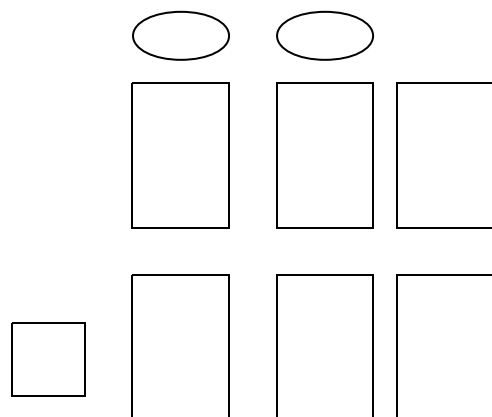

② Je continue le calcul

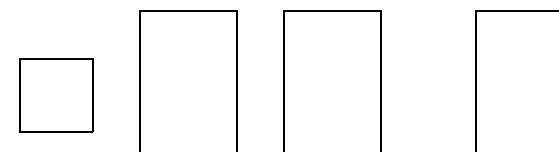

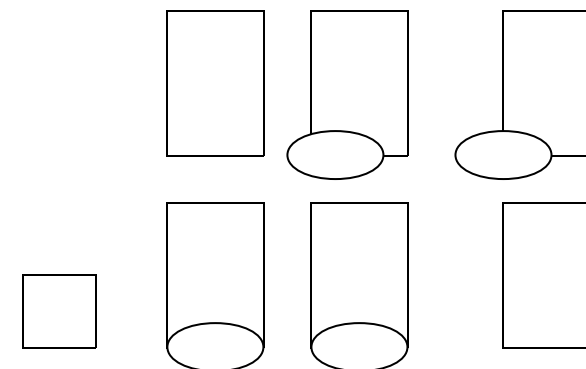

Calcul les opérations :

944	-	(652 + 198)	=	

① Je calcule l'opération qui est dans les parenthèses

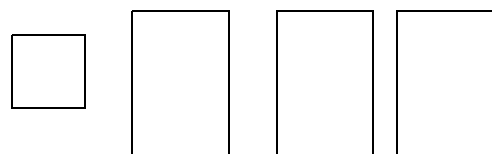

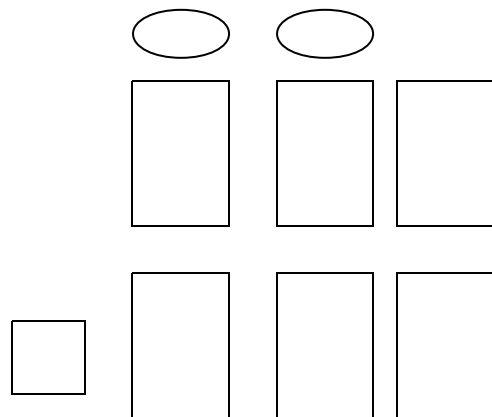

② Je continue le calcul

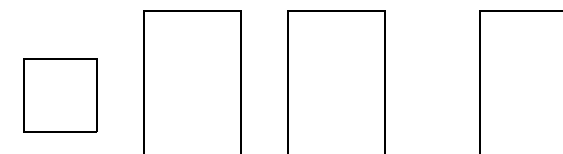

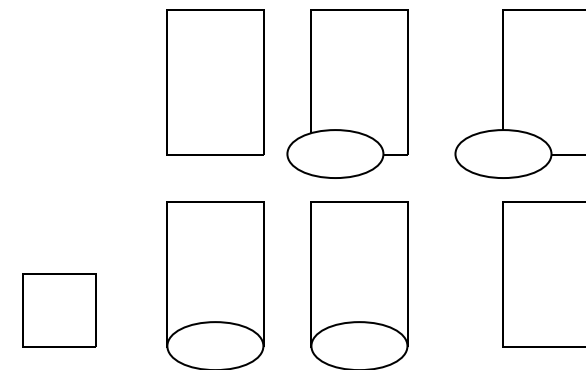

Calcul les opérations :

826	-	(357 + 328)	=	

① Je calcule l'opération qui est dans les parenthèses

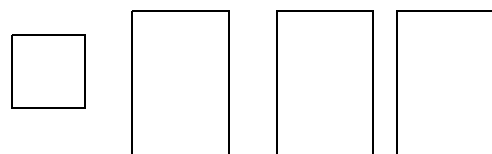

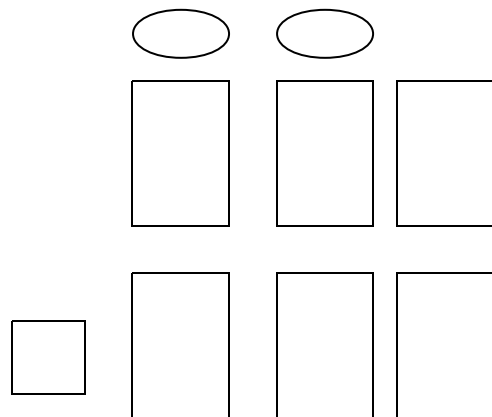

② Je continue le calcul

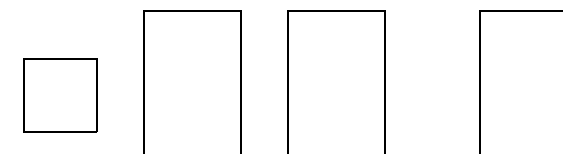

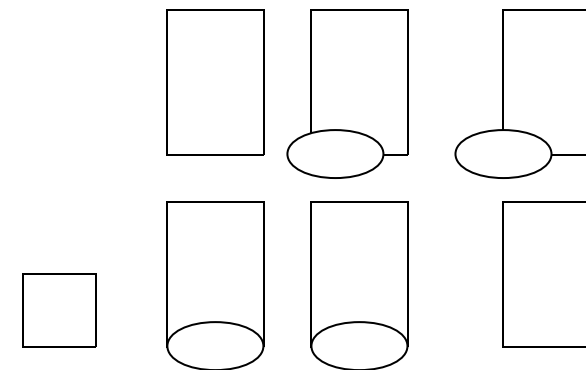

Calcul les opérations :

622	-	(168 + 159)	=	

① Je calcule l'opération qui est dans les parenthèses

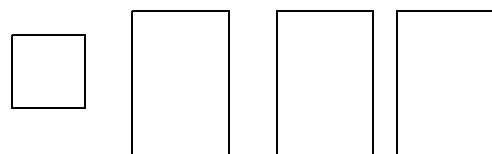

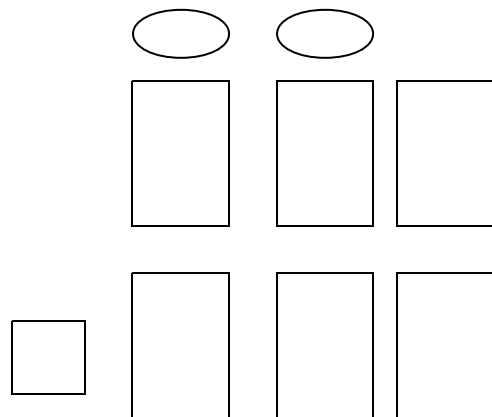

② Je continue le calcul

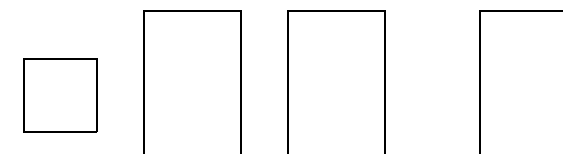

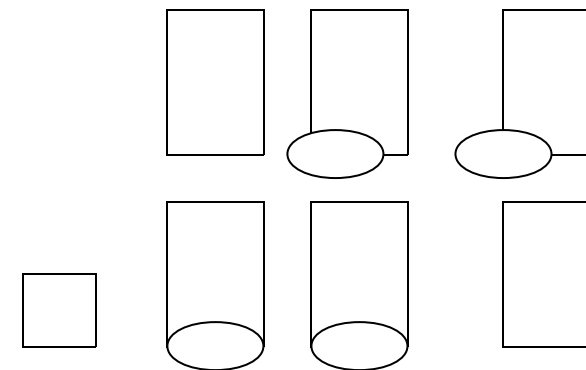

Calcul les opérations :

247	-	(189 + 28)	=	

① Je calcule l'opération qui est dans les parenthèses

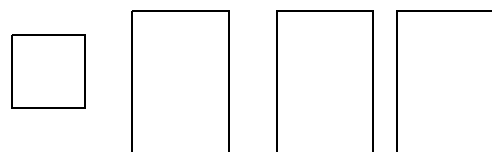

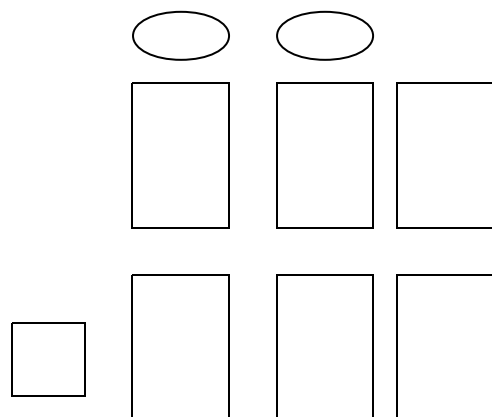

② Je continue le calcul

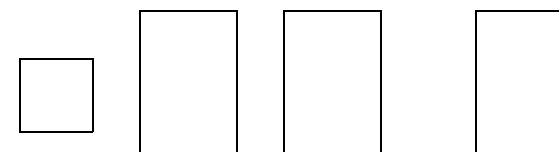

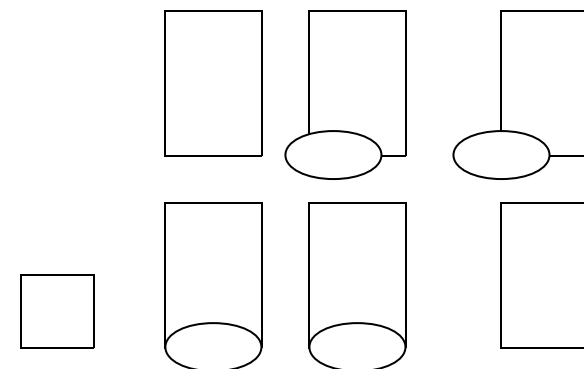

Calcul les opérations :

359	-	(104 + 77)	=	

① Je calcule l'opération qui est dans les parenthèses

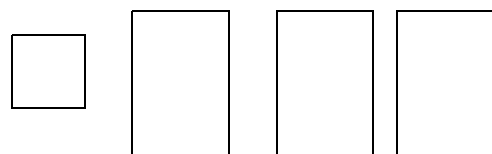

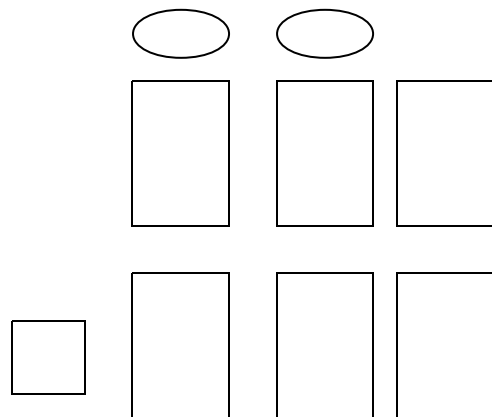

② Je continue le calcul

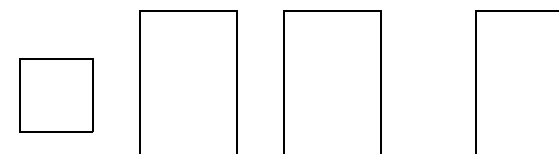

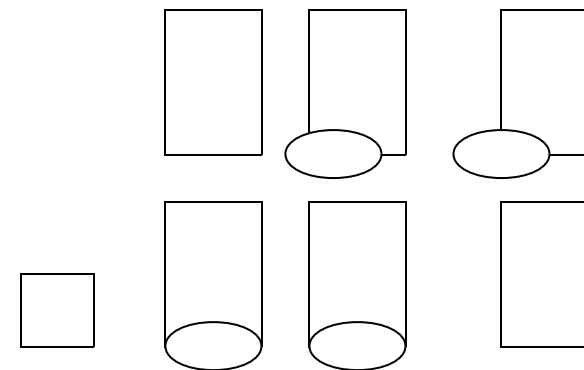

Calcul les opérations :

597	-	(315 + 99)	=	

① Je calcule l'opération qui est dans les parenthèses

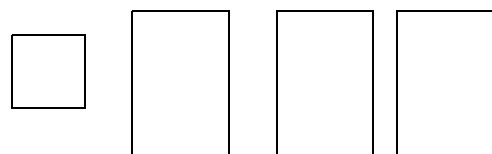

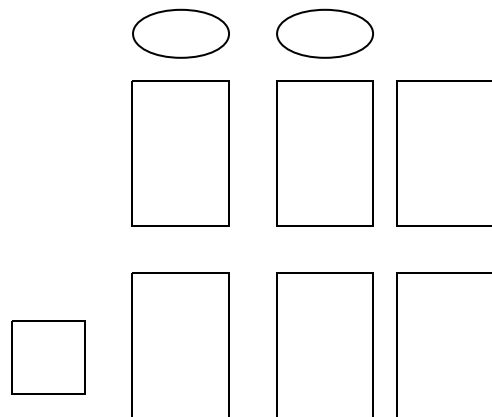

② Je continue le calcul

Calcul les opérations :

298	-	(57 + 129)	=	

① Je calcule l'opération qui est dans les parenthèses

② Je continue le calcul
